Quinton Utley's Tooth-Ache Drops.

FOR THE CURE OF THE TOOTHACHE.

One of the Greatest Discoveries of the 19th Century!

FROM the numerous applications I have had for the above preparation, for the last few months, the uniform success which has attended its use, its salutary effects, its power to give immediate relief in the severest cases of Toothache, I have been induced to offer it to those who may be afflicted; with the utmost confiden in its virtue, and the full belief that it will subdue and give entire relief to the severest toothache without the slightest injury to the tooth. I have got (and can get,) numerous testimonials of its efficacy—some from distinguished gentlemen, and all from as reliable persons as are in the State, a publication of which I deem unnecessary at this time, as one of these Drops when tried in an aching tooth will be worth more to the manufacturer and the patient, than all the certificates from great men that could be procured.

The preparation is known only to myself. Every phial is carefully put up by my own hands in the City of Raleigh and labelled with directions for use, and may be found at IRA BECKWITH'S Store, on Fayetteville St. a few doors North of the Yarbrough House, and opposite Lawrence's Hotel, where it will be constantly kept for sale either by the wholesale or retail. Also for sale by the retail at Jone's Drug Store, Sycamore street, Petersburg, Va., and at Andrew Bett's Store, Wake County, N. C. Retail price 50 cts. per Bottle—liberal deduction made when taken by the quantity.

To all who may have the toothache—try it, and then it will need no puffing.

All orders from a distance promptly attended to by Mr. Beckwith or myself.

QUINTON UTLEY.

Mr. Person introduced a bill to pay tales jurors in Northampton county.

Mr. Lane inroduced a bill to give the election of the Clerk and Master in Equity to the people. Referred to the committee on Propositions and Grievances.

Mr. Woodfin from the Judiciary committee, to whom was referred the question whether Jackson county did exist as a county, made a verbal report, in substance, that, in the opinion of a majority of the committee, Jackson is a county, and is entitled to a Representative—that the Legislature ought to repeal, or to give it the Representative to which it is entitled.

The amendment of Mr. Thomas, offered yesterday, being read, and the question recurring thereon,

Mr. Caldwell asked, if it was not out of order to take up the bill, just reported from the committee—was it not required that the bill so reported, should lay over one day?

The Speaker said, there had been a question of law submitted to the committee, for their consideration, and that the bill itself had not been out of the Clerk's hand.

Mr. Thompson said, the committee had not met the question, which had been referred to them—and if he had understood the report of the committee, he should have insisted that the bill be recommitted to the committee, and that the committee be required to report their views in writing. The question for that committee was, is Jackson a county and entitled to a member? It is not a county—it has no Sheriff, as required by the Constitution, and how could they hold an election without a Sheriff. He would move to recommit the whole matter to the committee, and if they do make that report let them make it in writing.

Mr. Woodfin said, a majority of the committee were of opinion that Jackson is a county, and is entitled to a Representative. He asked, if the Senator from Bertie is so clearly of opinion that Jackson is not a County, why has a bill been introduced to repeal what does not exist? Why has the gentleman labored so hard for two weeks, making two speeches a day, when he says there is no such a place as Jackson county? The committee had decided the only question which has been submitted to them, and a majority of that committee had authorized him to say, that Jackson is a county; it stands so upon the Statute books—its member claims, before the committee, a seat in the House of Commons—can we avoid his application?

Question of order here sprung up on the proposition to recommit, and Mr. Thompson withdrew his motion, the question recurring upon the adoption of the amendment.

Mr. Lillington, from the Judiciary committee, replied to Mr. Thompson, defending the position of the majority of the committee, &c.

Mr. T. F. Jones, being one of the minority of committee, spoke in favor of the report of the so called county of Jackson, and against the amendment proposed by Mr. Thomas.

Mr. Gilmer supported the amendment, and contended that the county of Jackson should not be repealed.

Mr. Washington, being one of the minority in the committee on the Judiciary, said he could not sit still, and not give his reasons why he opposed the majority report. He said he was tired of this Jackson county question; it has retarded the action of the Legislature, already, too much—committees were anxious to report, but would not do so while the subject was under consideration. He said he was a member of the last Legislature, and voted for the bill, upon the representations then made to him by the friends of the bill—he had found out he had done wrong, and it was right to retrace his steps. Instead of Jackson having the 120th part of the Federal population of the State, it did not have the 240th part. He could not consent, therefore, that Jackson was a county, and would vote for its repeal.

Mr. Caldwell spoke in favor of Jackson. He did not, however, like the manner in which the amendment proposed to give Jackson a member. He was surprised to see members, who voted for the bill, at the last session, now voting for its repeal. The establishment of the County had caused many persons to move into her territory, and a repeal of the County would cause them serious inconvenience.

Mr. Gilmer moved to strike out the *proviso* in the amendment, which says, that the act shall not take effect till after the present apportionment is made.

The motion did not prevail.

A motion was then made to strike out the amendment (to the original bill) which provides for the organization of the county; and prevailed.

The question then recurring on the passage of the bill, the third and last time,

Mr. Woodfin moved to reconsider the vote by which the amendment had been stricken out; which motion was lost, yeas 20, nays 25.

The question then being on the passage of the bill the last time,

Mr. Hoke protested, as a Senator from North Carolina, against repealing this County. Suppose the Supreme Court had decided they, the Legislature, had the power to repeal Counties, must they, by virtue of this power, crush this new County of Jackson? The people of Jackson had grievances to contend with, that Senators knew nothing of, and he hoped the precedent would not now be set of repealing small counties. He said, he had not, during the consideration of this question troubled the time of the Senate, with his views; he did it now, for the first time, and begged pardon.

The yeas and nays then being taken, on Mr. Steeles' motion, the bill to repeal the Act, establishing the county of Jackson passed, yeas 27, nays 18.

A message was received from the House of Commons transmitting a message from the Governor, with accompanying documents, and a proposition to print, which was agreed to.

The bill to extend the right of appeal in certain cases, was read the second time, and rejected.

The Senate then adjourned till Monday morning 11 o'clock.

Mr. Munday presented a petition from Joseph Brindle, of Macon County, praying the State to refund to him $42,50 with interest from 1848, which was referred.

Mr. Hill, of Caswell, from the Judiciary committee, reported the bill to establish a bank at Yanceyville, with some amendments and recommended its passage. The amendments of the committee were adopted.

Mr. Holeman, of Person, offered to amend by striking out "or its equivalent," wherever it occurred in the bill, and demanded the yeas and nays on the question to strike out. The amendment was rejected by a vote of 65 to 34.

Mr. Holeman then moved to amend by providing that if the bank shall fail, any holder of the notes may collect the amount from any who are then, or have previously been, stockholders. Rejected.

The bill then passed its 2nd reading.

Mr. Avery, from the committee on Internal Improvements, reported the bill to incorporate the Chapel Hill and Durhamville Plankroad Company, and recommended its passage. Read 2nd time and passed.

A message was received from the Senate proposing to go into an election of Secretary of State today at 12 o'clock. Concurred in, and Messrs. Amis and S. P. Hill appointed committee on the part of the House to superintend such election, which resulted in the election of William Hill unanimously, he having received 156 votes, 115 in the House and 45 in the Senate.

Mr. Caldwell, of Guilford, from the committee on Corporations, reported the bill to incorporate Carolina Lodge, No. 141, of Masons; the bill to incorporate Elizabeth Town, in Bladen county; and the bill for the better regulation of the town of Clinton, in Sampson county; all of which passed their 2nd reading.

The special order of the day, being the bill to abolish jury trials in the county courts and for the better administration of justice, was then taken up, and the House went into committee of the whole, Mr. Cherry, of Bertie, in the Chair.

Mr. Saunders, of Wake, made a few remarks, and Mr. Baxter of Henderson, addressed the committee at length.

Mr. Puryear moved to change the number of circuits from nine to eight. Not agreed to.

The vote then being taken on fixing the number of circuits at nine, the Chairman decided that it prevailed.

Mr. Long, of Randolph, moved to strike out that portion of the first section which provides for dividing the State into three judicial districts; which was discussed by Messrs. Long, Hill of Caswell, Saunders and Avery, when the committee rose, reported progress and begged leave to sit again.

The House then adjourned.

REPORT,

Of the President of the Literary Board to the Legislature of North Carolina:

OFFICE OF THE LITERARY BOARD,
October 28, 1852.

To the Honorable the General Assembly of the State of North Carolina.

The President and Directors of the Literary Fund respectfully submit the following Report:

One of the duties of this Board, under the Act of Assembly, is to distribute the annual income of the Literary Fund among the several counties of the State. The board distributed, for the year 1851, the sum of $128,104 14; and they have distributed, for the present year, the sum of $128,104 14.

The accompanying statement, marked (A.) will show the principal of the Literary Fund, and the manner in which it is invested. The statement marked (B.) will show the receipts on the income of the fund for the fiscal year ending October the 31st, 1851, and also for eleven months of the fiscal year ending October the 31st, 1852. And the statement marked (C.) will show the receipts of the principal of the fund, from January the 1st, 1851, to October the 1st, 1852, and the manner in which such receipts of principal have been invested.

The interest due the fund, upon money used by the Public Treasurer, for which no bond has been given since the ratification of the Resolution to borrow money, January 5th, 1847, amounting to $24,117 36, had been claimed by the Board, and the amount has been transferred, on the Public Treasurer's books, to the credit of the Literary Fund.

The Board do not deem it necessary to allude, at length, to the defects in our Common School system, or to the insufficiency of the amount annually distributed among the counties for school purposes. These are matters which will, no doubt, occupy the attentive and serious consideration of the General Assembly; and nothing which might be said here, could add to the obligations which rest on that body to perfect the system, and to increase, in every just and proper way, the fund on which the system is based. The Board beg leave to say, that they concur entirely in the views on this subject of their President, as communicated by him to the present Legislature, in his Biennial Message.

The Swamp lands, reclaimed and unreclaimed, which have been vested in this Board for educational purposes, have received all the attention it was in the power of the Board to bestow. The Board have adopted regulations in relation to the sale of these lands, which, it is believed, are calculated to insure their value, when disposed of. They are valuable chiefly for their timber. Portions of them are highly fertile; but it is not to be expected that they can readily be brought into market, until they shall have been drained, and rendered accessable to the farmer by works of improvement leading to and through them.

By a resolution of the last General Assembly, it was made the duty of the Board to inquire into the practicability and expediency of draining certain lands in Carteret County, known as the Open Ground Prairie; and they were directed, should they deem it advantageous to do so, to commence the draining of said lands; and the sum of five thousand dollars was appropriated for that purpose from the Literary Fund. Some of the members of the Board visited these lands in May, 1851; and, after an examination of them by Professor Emmons, and a favorable report thereon by him, the Board determined, in the exercise of the discretionary power vested in them by the Resolution referred to, to proceed in the work of draining. Thomas J. Pasteur, Esq., was accordingly appointed to superintend the work. He has procured a survey; but the work has not yet been put under contract. The sum appropriated, it is believed, will not be sufficient to complete the draining.

In compliance with the directions of the General Assembly, the Board have contracted for the making of a portion of the Pungo road in Washington county. The work was let to the lowest bidder; and, it is believed, on favorable terms for the Board. The appropriation—five thousand dollars—will not be sufficient to complete the road; yet the Board felt bound to contract for as great a distance as this amount would construct. The work is progressing, and cannot fail, when completed, to be of material benefit to the Literary Fund. It will render accessible, and thus bring into market, large bodies of land which would otherwise have remained unproductive, and at the same time exposed to trespasses and depredations. It is respectfully submitted whether sound policy does not require that an additional appropriation should be made for completing this work.

Messrs. Keeling and Riddick, who hold certain lands near Lake Pungo, under title made some years since by the Literary Board, having been sued for alleged trespass by the Albemarle Land company, the Board directed that its President employ counsel, to be associated with the counsel of Messrs. Keeling and Riddick, in suits in which it is believed the interests of the Board are involved. The Board have also taken steps to institute suits against all persons who may be trespassing on the swamp lands belonging to the Literary Fund.

The last General Assembly having vested in this Board, in trust, for the use and benefit of the Literary Fund, all the estates that should escheat to the State, the board authorised the appointment of Attorneys, in all the counties, to attend to the interests of the board in this respect; but the appointments of these Attorneys, and the commencement of suits has been deferred on account of a case pending in the Supreme Court, involving the constitutionality of the act referred to.

The Commissioners appointed by the last General Assembly to estimate the balance due the Messrs. Cosby, for building the Institute for the Deaf and Dumb and Blind, made an award in January last of $3,721,70 to these gentlemen, which amount has been paid out of the Literary Fund.

Professor Emmons, State Geologist, has been engaged during the present year in the performance of his important duties, under the direction and supervision of the Literary Board. He will no doubt submit, in due time, a report of his operations and observations, which will be laid before the General Assembly.

The Journal and proceedings of the Board for the past two years will be submitted to the examination of the General Assembly, whenever called for.

DAVID S. REID,
Pres. Ex-Officio, Lit. Board.

PLANK ROAD MEETING.

At a meeting of the citizens of Edgecombe county, held agreeably to previous notice on the 6th inst., at the Court House in Tarboro', on motion, John S. Dancy, Esq., was called to the Chair, and W. F. Lewis appointed Secretary.

The Chairman explained the object of the meeting to be to project a Plank Road from Tarboro' to some point on the Wilmington and Raleigh Rail Road.

After some remarks from Messrs. R. R. Bridgers, Reddin Pittman and R. E. Macnair, touching the benefits of Plank Roads in general, and the relative merits of different schemes, it was on motion of R. R. Bridgers.

Resolved, That the Chair appoint a Committee of five to memorialize the General Assembly for Charters for Plank Roads from Tarboro' to Rocky Mount, to Enfield and to Joyner's Depot.

On motion of R. Pittman it was

Resolved, That the committee send the said memorial to the Senator and Commoners from Edgecombe, to be by them presented to the two Houses.

The Chair appointed Messrs. R. Pittman, George Howard, Jr., John Norfleet, James Weddell and Nathan Mathewson on said committee.

On motion of Mr. Bridgers, it was further

Resolved, That a committee be appointed to ascertain the amount of subscriptions that can be obtained for a Plank Road along the several routes proposed.

Messrs. Jo. D. Jenkins, J. L. Horne, and Will. G. Thorpe, were appointed the committee to obtain subscriptions for a Road to Joyner's Depot—Messrs. C. B. Killebrew, W. S. Battle, and C. C. W. F. LEWIS, *Secretary.*

THE STANDARD.

RALEIGH, WEDNESDAY, NOV. 17, 1852.

THE VOTE OF NORTH CAROLINA.

We publish the official vote of this State to-day in full, and also the Proclamation of Gov. Reid convening the Electors in this City on the first Wednesday in December next, to cast the vote of the State for President and Vice President.

The vote of Gen. Pierce, it will be seen, is 39,744, and that of Gen. Scott 39,058—majority for Pierce, 686. The vote is 12,675 less than that polled for Reid and Kerr in August; and about the same as that polled for Cass and Taylor in 1848. Pierce runs 8,740 votes behind Reid, and Scott 3,935 behind Kerr. The Democratic loss on the August vote is 4,805, and the Democratic gain on the vote of 1848 is 9,238.

There were some 50 or 60 votes cast for Hale and Julian. At one precinct in Hyde the people voted directly for Pierce and King and Scott and Graham, and of course their votes were not counted; and in Cleaveland one of the Whig Electors ran 20 votes behind his ticket. The Proclamation of the Governor will show the votes of the respective candidates for Electors.

RALEIGH AND GASTON ROAD.

At the meeting of the Stockholders of the Raleigh and Gaston Road, held in this City during the past week, the following gentlemen were elected Directors on the part of the Stockholders, to wit: Thomas Miller, N. T. Green, George W. Mordecai, and Thomas White. And the following Directors were appointed by the Board of Internal Improvements on the part of the State, to wit: L. O'B. Branch, John S. Eaton, and John King. Gen. R. M. Saunders appeared as the representative of the State.

At a meeting of the Directors, L. O'B. Branch, Esq. was unanimously chosen President of the Road for the ensuing year. This is an excellent appointment. Mr. Branch will no doubt give his undivided attention to the duties to which he has been called; and we anticipate from the manner in which he will discharge those duties, the best results for the Stockholders and the State.

The Gaston Road is now nearly completed; and we learn that the connecting link between it and the Seaboard and Roanoke Road is progressing rapidly to completion.

WILMINGTON AND RALEIGH ROAD.

The annual meeting of the Stockholders of the Wilmington and Raleigh Railroad Company took place in Wilmington on the 11th instant. We learn from the Journal, that about ten thousand shares of stock were represented; that Miles Goster, Esq., appeared as representative of the State, and Gen. Harlee as representative of the Manchester Company.

The reports of the various officers of the Board, says the Journal, "exhibited the affairs of the Company in a flourishing condition, with every indication of prosperity in the future."

Gen. Alexander McRae was unanimously re-elected President of the Company, and the following gentlemen were chosen Directors on the part of the individual stockholders: E. B. Dudley, E. P. Hall, A. J. DeRossett, jr., P. K. Dickinson, G. Potter, J. D. Bellamy; and the following were appointed on the part of the State: L. H. B. Whitaker, William K. Lane, William C. Bettencourt and William A. Wright.

The salary of the President for the ensuing year was raised to $3,000. The policy and action of the President and Directors for the past year were approved, and thanks returned them for their services in managing the Company's affairs. "Upon the whole," adds the Journal, "the occasion was a very pleasant one. There were cheerful faces throughout the room, and a spirit of harmony and good feeling prevailed, which certainly was not marred by the announcement of the Treasurer that gentlemen from the country could have their dividends paid that afternoon, at the office of the Company."

☞ We are gratified to perceive that John F. Lyon, Esq., one of the Commoners from Orange, who had been detained at home by a wound received upon his foot, has reached the City and is in his seat.

Col. Ingram, one of the Commoners from Mecklenburg, has been confined to his room for the last two weeks by severe indisposition; but we are gratified to have it in our power to state that he is recovering, and may be expected soon in his seat.

We regret to hear that David Reid, Esq., one of the Commoners from Duplin, is confined at home by sickness.

☞ It has been currently reported here that Seward voted an open ticket for Pierce and King. Had he done so we might have some hopes of him still; but although nearly every body did vote for them, Seward was one of the few that did not. He voted for Scott and Graham beyond any doubt. When the returns began to come in it appeared that Pierce and King had got all the votes, and the whigs very naturally concluded that even Seward, the first and foremost friend of their ticket, had abandoned them and gone with the masses and "the rest of mankind" for the Democratic candidates. Hence the report to that effect.

☞ On Monday last the Senate of this State passed a Resolution proposing, with the concurrence of the House, to adjourn *sine die* on the 15th day of December next. We are inclined to think, however, that the Legislature will not adjourn *sine die* before the 1st of January.

Secretary of State. On Monday last, William Hill, Esq., was re-elected without opposition Secretary of State of North Carolina.

A SIGNIFICANT ARTICLE.

We invite the attention of Southern men to the following significant article, which we copy from Greely's Tribune. "Coming events cast their shadows before." We think it more than probable that the productions of William H. Seward would not have been announced thus early, if Gen. Scott had been elected. Southern men, read and ponder:

William H. Seward and the late Election—Confessions of his Organ—Movement for 1856.

[From the New York Tribune, Nov. 8.]

"SEWARDISM."

Whoever shall write the history of the late political contest will have to record the disastrous failure of an attempt to enforce upon the whig party an outward uniformity of opinion and action with regard to human slavery. For this uniformity there is no foundation either in fact or in tradition: our Northern and Southern people have always regarded slavery with very different eyes, and, so long as it shall exist among us, probably always will. In no national convention, in no congressional caucus, in no assemblage claiming to speak in behalf of the whigs of the whole Union, was there ever an assumption of power to create or declare uniformity on this subject prior to this present 1852. Messrs. Toombs and Stephens did, indeed, attempt to force such a declaration in the congressional caucus of December 1849, but their repulse was signal and conclusive, leaving them only the old resort of defeating the party they could not control. The second attempt of the kind was made by the opponents of General Scott's nomination in the last Baltimore Convention—with what success has been told in the succeeding canvass and its result.

Another extraordinary feature of the late canvass was the virtual combination of the magnates and usual managers of both the great parties, powerfully aided, though not with such evident malice prepense, by those of the third party, to hunt down and crush a single individual, and he no candidate for office, and no wise connected with the dispensation of spoils. Gov. Seward not only holds no post of power or influence under the present administration, but he stood expressly pledged to refuse any under the next, had Gen. Scott been chosen. No matter what might have been the result of the recent contest, he would have remained what he now is and for three years must continue to be—a Senator from the State of New York. And yet against him have the batteries of the now victorious host been pointed throughout the canvass; the fire of the traitors in the whig camp has all been aimed at his devoted head. Members of Congress, electors of President, and various orders of ex-notables, have renounced the whig party by which they have hitherto been honored and cherished, with no other avowed reason than this—that Gen. Scott was the "Seward candidate," and therefore must be crushed. "Seward!" "Seward!" "Seward!" has been the burden of our adversaries song from the outset—the theme on which the Satanic press has expended half its venom, and on which the journals subsisting on advertisements of women and children for sale, have expatiated with unequalled persistence and fervor. The whig potentates who have given their means and their name toward the promotion and support of "Webster Union" tickets, have done so to feed fat their grudge, not against Scott but against Seward; to that end have mercantile whigs by thousands either refused to vote for President at all, or voted plump for Pierce and King—ready, not merely to defeat, but to annihilate the whig party, if they might thereby demolish Seward. To this end, too, have extra exertions been put forth by the barnburners, who feel that their recreancy and shame can never be effaced from the public recollection so long as Gov. Seward remains in the Senate, faithful to the principles and convictions which have rendered his name detested by every trafficker in human sinews, by every perpetrator of legalized villainies, throughout the civilized world.

Well: the conspiracy of Aristocrat with Jacobin, Slave Trader with Agrarian, Pearl street with the Five Points, has been crowned with unmeasured success. General Scott is overwhelmingly defeated, and the Whig party not merely discomfited but annihilated. We have no prophetic ken, and make no pretentions to reading the future; but we do not see how the Whig party as such can ever be rallied again. Defeat is but an accident, to which any party may be subjected; but a defeat based on comprehensive systematic treachery, like that just experienced, can hardly be other than conclusive.

For it must be considered that even those cotton journals and politicians which finally yielded a reluctant support to Gen. Scott, had taken such a course preparatory to the Whig National Convention as to neutralize and paralyze the subsequent acquiescence. They set out with the assumption that Gen. Scott must not be nominated, since his nomination would be a "Seward" triumph, which all the South and conservatives everywhere must repudiate. When, therefore, they came round, and undertook to commend the nomination which they had so unsparingly denounced in advance, their adversaries had only to quote against them their own diatribes, hardly yet cold, to prove that, on their own showing, General Scott should be opposed and defeated because of "Sewardism." Thus they had taken the precaution to render their support of General Scott a nullity before they could be required to proffer it. The result, it is now obvious, could hardly have been other than it is.

"But," says one, "how does all this prove the whig party annihilated? Why may it not regain its former strength by eschewing or avoiding Sewardism?"

We answer—If you mean simply that the whig party can rally and regain its former power by merely purging itself of all that is stigmatised as "Sewardism," we entreat you to go ahead with the experiment. There is nothing more to risk or lose now, and there can be no harm in trying this on, and trying it out. We whom you call "Sewardites" are tired, and will gladly rest awhile and let you go ahead as you see fit. Whether your anti-progressive, pro-slavery whig party would be stronger than that which has been routed, or would resemble on trial "the tragedy of Hamlet with the part of Hamlet omitted," can better be determined after than before a trial. There can be no reasonable objection to that.

But if you mean that those, to spite and destroy whom you have just broken down the party, will follow and sustain you in restoring and re-establishing it, with the understanding that they are to be aliens and servitors therein, until they consent to suppress their own convictions and profess your views, we would advise you not to invest either efforts or hopes in so wild a speculation. They are in no hurry to move at all; when they do take part with you in another canvass, it will be as your equals and nothing short of it. They are not going into a convention with you again, to have your notions foisted into the party creed, and their candidate then beaten by you, notwithstanding his acceptance of your platform. They will not consent that a candidate's avowed determination to regard and treat all whigs with equal favor, whatever their views of the last Baltimore platform, shall be deemed a sufficient reason for his defeat at your hands. If they are to be proscribed, they prefer to suffer at the hands of their avowed and consistent adversaries rather than at those of superficial but treacherous compatriots.

But we were speaking of "Sewardism."

The speeches, addresses, arguments and messages of William H. Seward, are now in process of preparation for the press by George E. Baker, Esq., and will probably be published next spring. It has been deemed by the editor desirable that the work be complete, containing every official paper or public speech of Governor Seward, whereof any record remains, and to present it exactly as it was originally given to the public. The whole will make three full octavos of some 600 pages each, and will be published in a style rendering it worthy of a place in any good library, so that all the heresies, extravagances, and atrocities wherewith Gov. S. is popularly charged, will be readily accessible to all, and those who accuse him of recommending that foreign languages and unpopular theologies shall be taught in our public schools (or some of them) will no longer have the excuse of ignorance for their misrepresentation.

We believe there is no other American statesman now living whose works embody so much that will fix and reward the student's attention as do those of Gov. Seward. Popular education in all its phases; crime and its penalties; political economy in its adaptations to our national condition; slavery, its prerogatives, and their limitations; freesoil and the compromise; anti-rent and manorial land tenures; the currency, &c., &c., have been discussed by him for the last quarter of a century with a vigor and clearness which leave nothing to be desired by his friends. When his writings shall be fairly and accessibly before the American people, they will be able to see why he is the best abused and most widely hated man on the continent, and why the meekest utterance in behalf of outraged justice and humanity excites more commotion and active hatred than the most sweeping denunciation of all that is upright and commendable. In short, there is a manifest requirement that since the Whig party has been demolished and the nation delivered, bound hand and foot to filibusterism and the slavery propaganda, out of antipathy to and dread of "Sewardism," the public should know precisely and clearly what "Sewardism" is, and, therefore, we thank Mr. Baker for his undertaking, which can hardly fail to prove every way successful.

THE POPULAR VOTE SINCE 1828.

The following table exhibits the number of votes cast at each of the Presidential elections for the past twenty-five years:

Years.	No. of Votes.
1828	1,162,418
1832	1,290,498
1836	1,501,298
1840	2,402,650
1844	2,764,031
1848	2,878,613

From these figures it will be seen that the number of *voters* in the country in 1848, was nearly equal to the whole population of the country, at the close of the revolutionary war. *Bull. Sun.*

Gen. Pierce has, beyond doubt, beaten all former competitors in the Presidential race, since the existence of the present parties.

Baltimore Sun.

One of the Washington Correspondents of the Baltimore Sun says: "A beautiful block of white marble, procured by the citizens of Lincoln county, North Carolina, for the "Washington National Monument," was donated by them to the State. The Legislature promptly acceded to their wishes by presenting the gift to the Monument. The block safely arrived to the care of Dr. R. I. Powell, of the Auditor's office, who has completed the work by having it beautifully finished and appropriately inscribed. At an early day the ceremonies will take place."

☞ Mr. Badger and other prophets have predicted foreign war during Gen. Pierce's administration. Of course they hope for one, to manufacture for the Whig party a candidate for the Presidency in 1856. But as the *whole* country has elected Gen. Pierce it may reasonably be supposed he will have the *whole* country on his side; and not have to labor under the disadvantages Mr. Polk did in the Mexican war of having to contend with the enemy abroad and the Whig party at home.

☞ The Democrats of Wilmington had a "jubilation" on Thursday night last over the late victory. Much enthusiasm prevailed. The Journal says "the crowd broke up with three hearty plaudits for Hon. T. L. Clingman."

The Southerner says there will be an illumination in Tarborough on Thursday night next—"a glorification over the return of the Old North State into the Republican fold."

☞ The Whigs thought Gen. Pierce "an astonished man" when he received the nomination for the Presidency. Wonder which was the more astonished, he at his unanimous nomination or they at his unanimous election. We commend the subject to the Register, and shall expect a learned disquisition thereupon.

☞ It seems to be conceded that Vermont, Massachusetts, Tennessee, and Kentucky have voted for Scott. Pierce and King TWENTY-SEVEN States, Scott and Graham *four*. We shall give the final result in full, by States and majorities, as soon as ascertained.

Phrenology. We are requested to state that Prof. Brackette, of Kentucky, Lectures at Smithfield, N. C., Saturday night, 20th November, and will remain there during a brief period only, when he expects to visit Wilmington, N. C., after which he will be in Raleigh.

Provisions are very scarce in this market, and are commanding unusually high prices—higher than at any former period within our remembrance.

Fayetteville Carolinian 13th Nov.

Cotton is selling in Fayetteville at 9¼ cents—flour at $4,50—corn at 75 to 80 cents per bushel.

☞ We invite the attention of our readers to the Report of the President and Directors of the Literary Fund, which we publish to-day.

☞ The Hon. Thomas L. Clingman is at present in this City.

New Orleans, Nov. 9. We have returns from thirty-seven parishes which gave Pierce a majority of six hundred and thirty-nine.

LATER FROM EUROPE.

English and French Affairs—Disturbances at Constantinople—From India—English Advancing on Rangoon—Markets, &c.

New York, Nov. 11th. The steamer Humboldt has arrived with 115 passengers, and dates to the 28th ult. The Atlantic reached Liverpool on the morning of the 27th.

England. The London Times has a leader upon Cuba, in which it says that it will be the policy and interest of Louis Napoleon to defend Spain against American aggression.

A verdict of wilful murder had been returned against the parties concerned in the recent duel between two Frenchmen at Windsor, foul play having been suspected.

The English line of battle-ships are to be fitted up with screw-propellers.

France. Paris was tranquil. It is rumored that another infernal machine had been discovered at Fontainbleau.

It is understood that to avoid discussion, a single article only would be submitted to the people, to the effect that the Empire shall be hereditary in the direct line of Napoleon, and in the event of his having no male issue, he shall have the right to name his successor.

It is reported that the Pope had declined to proceed to Paris to perform the coronation.

The four and a half per cent's closed at 105f. 70c.

Turkey. Disturbances had occurred at Constantinople, and the French Ambassador had threatened to leave unless the Sultan consented to sanction the new Turkish loan.

India. Advices from Rangoon state that the Burmese had destroyed Prome, and that the English army was advancing on Rangoon.

MARKETS.

Liverpool, Oct. 27. Cotton is active and tending upwards. Sales on Tuesday of 15,000 bales at extreme rates. On Wednesday the market opened active at advancing rates, and the sales are estimated at 15,000 to 20,000 bales. The imports had been 36,000 bales.

The markets for Breadstuffs was firm, with a large demand. Wheat commanded extreme rates. Prices of Flour were firmly maintained. Sales of 6,000 bbls. Baltimore Flour at 23s.

The London Times, of Thursday 28th ult., quotes the sales of cotton at Liverpool, on the day previous, at 35,000 bales at ⅛ a 1/16 advance. The quotations of Tuesday were: Fair Orleans 6¼d; Middling 6d; Fair Upland 6¼d; Middling 5⅞. A letter dated Liverpool, Wednesday, the 27th, quotes the sales of cotton that day as 30,000 bales, at ⅛d advance, and the sale of the four days 72,000 bales.

Richardson & Bro. quotes wheat as held at 2d advance. Sales of yellow corn at 32s; white 33s 6d, with a good demand.

London Market. At Mark Lane, American Flour was firm at previous rates. Sales of Floating cargoes of Wheat and Corn were checked by the numerous arrivals, but prices were held higher.

Democratic Demonstration at Washington—Splendid Pageant.

Washington, Nov. 10. A large concourse of the Democracy of this city and the adjoining cities and neighborhood, including a delegation from Baltimore, assembled at 4 o'clock this afternoon in front of the City Hall.

After some stirring music from the Marine band, and the firing of several guns, Colonel Forney was introduced on the West portico, and delivered an address.

He said they celebrated the event of the 2d of November, not because the Whig party had been defeated, but because eternal principles had prevailed. He regarded the event as the triumph of nationality over sectionalism, and a complete vindication of the compromise.

He congratulated his hearers that the campaign had been stained by no fraud, blackened by no falsehood, and dishonored by no slander. They spoke no two languages to different sections, but disseminated the same principles over the whole country, so that no man voted in the dark. Partisians might learn a lesson from the result to deal honestly and fairly with the people. The Jackson statue, he said, would be elevated two months before General Pierce was inaugurated. It was fitting that the restoration of the democratic party should be thus heralded, as General Pierce was an illustrious disciple of the Jackson school.

Col. Forney concluded his remarks with a review of the progressive principles of the democratic party, and said that before the additions of the capitol were completed, let them hope that new States and Territories would be added to the Union. He was frequently applauded, and followed by music and the booming of cannon.

The procession was afterwards formed, and P. Barton Key, Esq., acted as Chief Marshal, with forty assistants, all mounted. They were followed by the Jackson Association, Ward Associations, Pierce Clubs, citizens, &c., and have occupied the evening in marching through the city, and discharging rockets and guns.

Many buildings along the route were brilliantly illuminated, and bonfires burning in various directions.

Numerous transparencies were borne in the procession, one of which enumerated conspicuously, twenty-nine Pierce and King States, including Tennessee and Kentucky.

Further from Mexico.

New Orleans, Nov. 10. Private letters from the city of Mexico are said to represent revolutionary movements spreading rapidly, and that in Guadalajara they presented a most formidable aspect.

A Congress had been summoned, to be composed of two deputies from each State, whose duty it would be to elect a President *ad interim*, and also bring about a reform in the constitution.

General Santa Anna had been called upon, but by whom is not said, to resume the reins of government, as the man best suited to the emergency. Gen. Uraga had also been invited to head the movement to bring about his return; but his arrest had been ordered by the government.

The legislature of the State of Guadalajara had met to adopt measures as to the best course to be pursued.

Nothing new had transpired concerning the Tehauntepec treaty. Ramirez was preparing a document on the subject for publication.

The revolutionary movements in all parts of the country continue, and it is reported that the government troops were about to join the insurgents, which was not unlikely, as all confidence seems lost, and no change, it is thought, can be for the worse.

Death of the Hon. David Henshaw.

Boston, Nov. 11. Hon. David Henshaw, who for a while held the post of Secretary of the Navy, under President Tyler's administration, died this morning, after a brief illness, at his residence, at Leicester. He lately returned from a trip to Europe, in improved health, but taking a violent cold by exposing himself too much to the weather, on his farm, he was seized with sudden illness, together with a renewed attack of gout, which to-day, proved fatal. He was a man of high attainments, and universally respected.

Tennessee Election.

Louisville, Nov. 12. A dispatch from Nashville states that full returns official and reported, with the exception of Fentress county, from the entire State, have been received, and that the majority for the Scott and Graham electoral ticket is between 1,800 and 1,900. Fentress county, in 1848 gave Gen. Cass 319 majority.

Wilmington, Nov. 13, 1852.

Naval Stores—The Turpentine market remains without change, and we hear of sales yesterday and this morning of only 250 barrels, at $3 25 for soft. The article is firm at above quotation, with a good demand. In Spirits Turpentine we note a sale yesterday of 100 bbls. at 46 cents per gallon, which price was offered for another lot and refused. We hear of no transactions this morning. The receipts continue light and the quantity offering is small. Holders are firm in asking higher rates.

Timber—Sales of one raft at $3 50, one at $7 75, and one at $8 per M. *Journal.*

Texas Election.

New Orleans, Nov. 11. The steamer Texas, which arrived here to-day from Galveston, brings a few returns of the Presidential election in that State. They show a heavy majority for Pierce and King. The Texas papers estimate the majority in the State at about eight thousand.

VOTE OF NORTH CAROLINA.

For the Standard.

Mr. Holden: In your paper of the 10th instant is an article headed "Partizan Neutrality," "rebuking" a recent editorial of the Post. We respectfully ask to be permitted to reply through your columns, that the editorial in question was indited in utter ignorance of the result of the late presidential election, and when the writer had heard no returns beyond or out of Raleigh: and to this statement he will be qualified. And further, when that issue went to press, the editors did not know the result of the election, although it was supposed to be unfavorable to the friends of the present administration. The editorial criticised was composed on Tuesday afternoon, about the time it was supposed the Polls were closing throughout the United States, and when many of the administration men, in Raleigh, were in high expectation, as they were reported to have gained considerably at the City precinct. In conclusion, we say no allusions were intended to either one of the two great party divisions of our people; that the sentiments of the article were similar to those uttered in the *neutral press* throughout the country, and on other occasions in the Post. The editors not only do not mean covertly to attack or defend any political party whatsoever; but in feeling and taste are entirely averse to clandestine or overt political hostility, in the *literary field*, in which they have humbly undertaken to labor, and exceedingly regret, that the partizan spirit of the times should have pursued and attacked them in those calm and peace-loving domains. EDITORS OF THE POST.

VALUABLE MILLS FOR SALE.

THE NEUSE RIVER OIL MILLS, about 9½ miles Northwest from the City of Raleigh, and three miles from the Raleigh and Gaston Rail Road, and about thirty acres of land attached, lying on both sides of Neuse River, will be sold at the Court House door on the 3rd Monday of November next, being the 15th day of the month.

These MILLS have undergone extensive repairs during the present year, and are now in excellent running order. The machinery of the OIL MILLS is of the most improved kind, and they will easily produce 10,000 gallons of cotton seed, flax seed, or castor oil per annum. There is also one of Carver's largest size cotton gins attached and a cotton screw.

The GRIST MILLS, running two pairs of stones, have a large and steady custom.

The SAW MILL entirely new, running with Hotchkiss' wheels, is surpassed by very few in the country, while there is no difficulty in selling on the yard, every foot of timber they can cut.

A rare opportunity is presented for a safe investment in a profitable business.

Further information will be given on application to the Superintendent at the Mills, or to

NOVELTY WORKS,

WEST ST., RALEIGH, NORTH-CAROLINA,

SILAS BURNS, PROPRIETOR,

BUILDER OF

Steam Engines & General Machinist.

THE above establishment has been in successful operation about one year, and has turned out some of the best STEAM ENGINES and SAW MILLS that have ever operated in this or any other State.

Orders are solicited for Steam Engines and Saw Mills, Mill Gearing and Machinery of every discription to be completed during the Summer and Fall. The improved condition of the Raleigh and Gaston Rail Road will enable me to fill with dispatch and punctuality all orders after the 1st of July.

The following certificate will show the character of the work executed at the above Works:

AUBRY, Cumberland, May 15, 1852.

MR. SILAS BURNS,

Dear Sir: Our Engine and Mills, made at your shops, have been at work nearly two months, and fully meet our expectations. The ENGINE, as to FINISH and STRENGTH, PERFORMANCE and DURABILITY, is inferior to none in the State of the same class made here or elsewhere. The MILLS run with a smoothness and speed truly astonishing. In ordinary sawing we cut in a common sized log, 4 foot in 3½ seconds or 16 feet per minute. We have run, however, through an 18 feet log in 32 seconds or at the rate of 33 feet per minute, by running to the top speed we fully believe we can cut 40 feet per minute. The only objection we have heard urged is, it takes two many hands to haul up logs and carry away lumber. Yours, &c.,

FRANKLIN INSTITUTE,

CEDAR ROCK, FRANKLIN COUNTY, N C.,

D. S. RICHARDSON, *Principal.*

Castalia Female Institute,

CASTALIA, NASH, N. C.

Mrs. M. C. Richardson, *Principal.*

THE Fall Terms will commence on the first Monday in July, and close on the 1st Friday in December.

Mr. Richardson has purchased a residence, and considers himself as permanently located at CASTALIA.

The Schools will be under the immediate supervision of himself and lady, under one and the same body of Trustees.

The Female School is near the Franklin line, three miles from the Male, a distance favorable to the seclusion and success of both Institutions.

Mrs. R., who has latterly taught at Belford, has celebrity which no comment of ours could affect. A large, neat edifice similar to that of the Male Institute is contracted for, and will be erected immediately. Meanwhile students will be accomodated in the Academy, known formerly as Pleasant Hill. In short, the Trustees would assure their patrons, that they will carefully consider everything and deem nothing unimportant, which will contribute effectually to the consummation of their educational enterprise, rendering the Institutions *all* that enlightened and Christian parents could desire for their children.

Board, including washing and Fuel, $6½ per month.

For further particulars address the Principals or

JNO. ADAMS HARRISON.
Secretary of the Board of Trustees,

At the Female Inst., Messrs. James and Jno. Adams Harrison are prepared to accomodate boarders. Board can also be obtained of the Principal, after the coming session.

A GOOD OPENING.

Hotel for Sale in Franklinton, N. C.

THE Subscriber offers his Public House and premises, in the town of Franklinton, Franklin County, N. C., for sale. This Establishment is situated on the Raleigh and Gaston Rail Road, which will, when the Central Rail Road is finished, be the main thorough fare from North to South. This is the only Public House in the place, and presents inducements rarely met with in any other village. It has been an eating House for passengers for the last four or five years, who have for some time past been eating twice a day; and I have not the least doubt but it will be kept up as an eating House. The House is large and tolerably conveniently arranged for the business, and has lately undergone considerable repairs. I would give a good bargain in this place. My only inducement in wishing to dispose of this place, is, that I am worn out in the good cause of feeding people, having been in the business for the last 12 or 14 years. If I should not sell by the 1st day of December, I would rent or lease. Persons wishing to engage in this business would do well to apply soon. JAS. I. THOMAS.

Historical Sketches of North Carolina,

FROM 1584 TO 1851.

COMPILED from Original Records, Official Documents and Traditional Sketches, &c., &c., by JOHN H WHEELER, late Treasurer of the State.

Extract from the University Magazine, (May number):

"A most liberal expenditure of time and substance has been made by a native citizen of North Carolina to supply the young men just coming on the stage of action with a portion of knowledge to them peculiar and important. He has furnished reminiscenes, refreshing to all which increase our pleasures at home and abroad."

Extract from George Bancroft, Historian of the United States:

"There are many separate pieces of information and valuable documents, which of themselves are worth the price of this work; which can be found no where else."

This work is valuable to members and others as containing the accurate returns of the population of each County, and is for sale by

To Millers and Lumbermen.

TESTIMONY OF A MILL-WRIGHT.

Barton's Creek, near Parker's Bridge.

Oct. 27, 1852.

Mr. O. CHILD—*Dear Sir*: I have now had my Mill in operation one week, and am much pleased with it; I have tried it in dry and green timber, and the saws manifest no inclination to heat whatever, and I am confident it will cut double the lumber, with one half the water of an up and down Mill. In fact I can now cut two thousand feet per day, on a stream too small to run an up and down Mill at all. And the setting apparatus works admirably and fully justifies the statement in your circular of saving one hand.

This is just the Mill for small streams requiring much less power than any Mill I have ever seen.

Mr. Childs may be found at his office in the rear of Tate & Co's store, on Fayetteville street.
